➤ CPTED Basics Principles

CPTED (Jeffery. C. Ray. 1972) proposes four concepts: natural access control, natural surveillance, maintenance and territorial reinforcement.

Community participation is added from CPTED second generation.

There are already three generations of CPTED:

- CPTED 1gen: from 60 to 2000
- CPTED 2 gen: from 2000 to 2019
- CPTED 3 gen: the third that begins in 2019 integrates BIOSECURITY and AUTO-REALIZATION as fundamental pillars of sustainability and quality of urban life.

➤ Longitudinal CPTED Impact Evaluation Research (2017-2020)

Quebrada La Cruz Sector, Patagonia, Chile
