Demonstration – End-users Haarlemmermeer
The demonstration of this tool was new, the content and theme of the tool wasn’t. I’m really happy we got to meet in this setting and to see what municipality has to offer.

Police

It helps to put everything on high alert again - Municipality

It’s nice to have been able to share some intelligence/information (sources) with each other. - Municipality

I’d like to take a look at this further with the intelligence colleagues - Police

I’m wondering how I can take this further, because I would like to. - Police

I have some concerns about the capacity issues and the investment of partners. - Police

There is not a lot of new information, but it does provide some means to do things differently or better. - Municipality

It helps to know what we can or should pay attention to in the processes - Municipality
